East Meadow, NY 11554 | +1 516 661 3026 | danixielle@gmail.com

Professional Summary

Highly organized and detail-oriented administrative professional with experience supporting business operations, coordinating projects, maintaining documentation, and delivering exceptional customer service in fast-paced environments. Proven ability to manage multiple priorities, communicate effectively with customers and colleagues, and maintain organized workflows while supporting daily office operations. Proficient in Microsoft Office Suite, digital file management, data entry, and administrative support with a strong commitment to professionalism, accuracy, and continuous growth.

Work Experience

Administrative & Project Assistant

Panther Siding and Windows | North Bellmore, NY

April 2026 to Present

- Maintain organized digital filing systems, customer records, contracts, estimates, invoices, and project documentation.
- Prepare professional presentations, proposals, reports, spreadsheets, and client-facing materials using Microsoft Office and Canva.
- Coordinate supplier accounts, process returns, communicate with vendors, and track project materials and orders.
- Assist with onboarding business software, improving office workflows, and implementing organized digital processes.
- Perform data entry and maintain accurate records to support business operations and project management.
- Provide professional customer service by communicating with vendors and internal team members to ensure timely issue resolution.
- Support staff with administrative tasks, documentation, scheduling, and special projects as needed.

Freelance Developer

Designs & Development by Danielle

January 2026 to Present

- Designed and developed custom websites, iOS applications, and interactive digital solutions for small business clients.
- Collaborated directly with clients to gather requirements, translate business needs into technical solutions, and deliver polished, user-friendly products.
- Built responsive websites using HTML, CSS, JavaScript, PHP, and MySQL with a focus on usability, accessibility, and modern design principles.
- Developed native iOS applications using SwiftUI, implementing features such as voice-to-text input, PDF generation, digital signatures, CloudKit synchronization, and intuitive user interfaces.
- Created interactive presentations and digital sales tools to improve client engagement and streamline business workflows.
- Managed projects from initial consultation through design, development, testing, deployment, and post-launch support.
- Utilized Git and GitHub for version control, project management, and deployment workflows.
- Produced professional documentation, proposals, invoices, and technical deliverables while maintaining consistent communication with clients.

Field Scientist

J.C. Broderick & Associates

June 2025 to Present

- Coordinate environmental monitoring projects while maintaining strict regulatory documentation and compliance records.
- Prepare, organize, and maintain project files, technical reports, and documentation required for state regulations.
- Schedule project activities and communicate with contractors, laboratories, clients, and project managers regarding project timelines.
- Collect, review, and accurately document technical information while meeting strict reporting deadlines.
- Manage multiple active projects simultaneously while maintaining exceptional attention to detail.
- Serve as a professional point of contact between clients, contractors, and internal staff to ensure successful project completion.
- Utilize Microsoft Office applications and Adobe Editors to organize reports, maintain records, and prepare project documentation.

Crew Member

KFC | Wantagh, NY

September 2020 to July 2025

- Earned a promotion to Shift Supervisor through strong performance, reliability, and a commitment to professional growth.
- Built positive relationships with customers by providing exceptional service and creating a welcoming, customer-focused environment.
- De-escalated customer concerns and resolved conflicts professionally to ensure a positive customer experience.
- Trained, mentored, and supported new team members on company procedures, customer service expectations, and daily operations.
- Monitored inventory levels, placed supply orders, and ensured the restaurant remained fully stocked for daily operations.
- Fostered a professional, respectful, and collaborative work environment while supporting both employees and management.
- Addressed internal team concerns and helped resolve workplace issues to maintain efficient operations and positive team morale.
- Demonstrated flexibility by picking up additional shifts, assisting in different departments, and adapting to changing business needs.
- Oversaw daily shift operations, delegated responsibilities, and ensured quality, efficiency, and company standards were consistently met.
